Broadway at 156th Street
New York City

Dear Sir:

Last December we completed for Mr. Julius Guttag a series of line cuts to be used for "Coins of the World"

Mr. Guttag has been holding up the payment of this bill until you give him an O.K. on these cuts. This as you can understand has been a great disadvantage to us as we need this money very badly (almost $500.00)

In justice to us, Mr. Wood, could you not give Mr. Guttag an O.K. on these cuts with the assurance that at any time later on we will make over such cuts that you deem cannot be used.

You, I believe had the drawings of these cuts for your inspection and made several corrections which we also made. However, where you asked us not to make certain cuts we had to make these anyhow for the reason that it would have cost just as much to leave them out as to make them. This is due to the fact that we photographed the entire sheet and make one piece of metal out of the result of that photography no doubt you will understand what I am getting at.

Hoping to hear from you regarding this, we are

Yours very truly,

S. L. Hecht

Gentlemen:

Your communication of June 6th is at hand. It was the first intimation I had had that I was to O.K. any proofs of cuts. I have looked these over and have returned to Mr. Julius Guttag, proofs and drawings of three sheets that were made the wrong size. The balance is apparently all right.

Very truly yours,

Curator.

New York City

Dear Mr. Hecht:

Several months ago we sent to Mr. Guttag two or three pages of coin cuts which had been made the wrong size, and which we presume were made over. We cannot find that we have ever received these corrected proofs either from you or Mr.Guttag. If you still have these we should be appreciate having them sent to us.

Very truly yours,

Curator.
